DAILY DEMOCRAT-FORUM

(Successor to the Maryville Republican)

VOLUME 1. MARYVILLE, MISSOURI, MONDAY, MARCH 13, 1911. NO. 236.

A BUILDING BOOM

AT CONCEPTION JUNCTION HAS BEGUN.

ROUNDHOUSE ALL READY

And Freight Division of Great Western to Be Moved There Soon—More Tracks to Be Laid.

The situation at Conception begins to look more promising with the advent of spring, and considerable activity is now in evidence at the junction. The Great Western has apparently cleared away most of the obstacles in their way and will in a short time change their freight division to Conception.

A roundhouse sufficient to accommodate several engines and a repair shop have been erected, and provision made for a number of workmen by fitting up box car equipment. As soon as the weather settles the building of viaducts and the laying of more switch tracks will proceed.

With all of this a considerable building boom has begun, and several new homes have been erected. T. W. Costello and L. Brent of this city have begun the erection of a new two-story brick building that will be an important addition to the business district. It will contain two large store rooms, and above these will be living rooms that will be used by Mrs. Evans as a rooming house. Mr. Costello has already built a six-room dwelling and may build another. H. Luke, Mayor Conway, Ed Allen and others are figuring on new residences and altogether the prospects at Conception are flattering.

News of Society and Womens' Clubs

Mothers' Club at Pickering.

Mrs. E. L. Crowson was hostess to the Mothers' club of Pickering last Friday afternoon. The attendance was large. The subject for discussion was "Character Building." Papers were read by Mrs. Stewart Robinson, Mrs. Joseph Shuff and Mrs. Lon Fine. Other features of the program were a piano solo, Mrs. Walter Johnson; vocal solo, Mrs. O. A. Lincoln; reading, Mrs. John McGuire. During the social hour things of interest to mothers were talked of. This club is creating much interest among the home makers of this vicinity, as it is everywhere. The next meeting will be held with Mrs. C. G. McMillen, on Friday, April 14, when the subject of "Food Values" will be taken up.

A Surprise Party.

A number of "Black Crows" gathered at the home of Mr. and Mrs. L. M. Leeper, living five and a half miles southwest of Barnard, Friday night, March 10, and gave their daughter, Ollie, a surprise, in honor of her birthday anniversary. Several "Birds" had flown to the hill from neighboring trees and wished to join the "Black Crow" settlement, so the act of initiation was first in order.

Those present were Misses Mary Carter, Bertha L. Hale, Mamie Alkire, Maude Davidson, Ruth Furner and Ollie Leeper, Messrs. Charlie and Fred Carter, Elba Hagen, Leonard Alkire, Stanley Davidson, Hal Turner, Charlie Leeper, Mr. and Mrs. Newton Carmichael and son Wilbur. The evening was spent in music and games of various kinds, after which the Crows flew home to their nests at a late hour, wishing Miss Ollie many more bright and happy birthdays.

Chambers—Carter.

Sunday morning, March 12, Jessie P. Carter and Miss Edna B. Chambers were united in marriage at the Christian parsonage at Pickering by F. M. Lindenmeyer. They were accompanied by Floyd Chambers, Miss Annis Carter, Lester White and Miss Pearl Chambers. Mr. Carter is an honest, industrious Christian young man. Miss Chambers is a young woman of quiet, modest demeanor, who has many friends. Both young people are well and favorably known in the community, where they have grown to maturity. They will make their future home on a farm about three miles north of Pickering.

Farewell Surprise Party.

A very pleasant and social time was had at the beautiful and palatial home of Mr. and Mrs. Dillard Palmer last Tuesday evening, March 7, when a great number of neighbors and friends came in laden with baskets filled with the very best that could be secured in the way of edibles. Mr. and Mrs. Palmer were in their same usual good spirits and were soon busy helping to make merry. Much merriment was made when Henry McComb and Uncle Henry Shell were unable to procure partners at the supper table that suited them. Mrs. Dora Brady assisted the ladies to serve coffee the evening throughout. At a late hour the surprisers wended their way homeward, after having been entertained with music, games and singing, wishing the host and hostess much success in their new home they so lately have purchased. A great number were delayed from attending on account of sickness, and the following named persons were present: Mr. and Mrs. Joseph Crawford, Sr., Mr. and Mrs. Henry McComb, Mr. and Mrs. Virgil Guthrie, Mr. and Mrs. Joseph P. Cockayne, Mr. and Mrs. Will Osborn, Mr. and Mrs. John Deardorff, Mr. and Mrs. Delbert Vert, Mr. and Mrs. Ernest Wilhoyt, Mr. and Mrs. Abijah Lawson, Mr. and Mrs. H. A. Brady, Mr. and Mrs. E. Masters, Mr. and Mrs. Dell Palmer, Uncle Henry Shell, Misses Orma Hall, Hazel McComb, Maud McComb, Ada Gingrich, Mildred Stafford, Mildred Palmer, Pearl Booth, Daniel McComb, Messrs. Bonny Shell, Clyde Masters, Lester Masters, Glenn Guthrie, Olin Shelton, Thomas Smith, Roy Gingrich, Orlo Gingrich, Omer Fisher, Harry Fisher, Ernest Stafford, Thurman Carmichael, Frank McComb, Theodore Palmer, Ralph Palmer.

Entertained Children.

Mr. and Mrs. Albert E. Bell entertained their sons and daughters at dinner Saturday evening at their home, 502 South Walnut street. The party included Marvin E. Bell of Colorado Springs, Col.; Dr. and Mrs. Charles T. Bell, Mr. and Mrs. John D. Richey and daughter, Mary Margaret; Mr. and Mrs. John Clary and baby boy, John Clary, Jr., of Wallace, Idaho. Marion E. Bell, who had been visiting here the past two weeks, left for his home Saturday night.

Missionary Society.

Mrs. M. H. Borrusch entertained the Woman's Missionary society of the First Baptist church Friday afternoon. Mrs. J. M. Ringgold was the leader of the study hour. Mrs. M. M. Deming gave a paper on "Missouri as a Mission Field," and a paper on "Shall We Keep the Children in Church?" was read by Mrs. Gay Leeper. A poem, "Give Your Neighbor a Lift," was read by Mrs. Will A. Burris. Roll call was responded to with items of interest on state missions. The next meeting will be held with Mrs. W. E. Davis of South Fillmore street.

His Mother Better.

Claude C. Smith of New Bedford, Mass., who was called to Maryville by the illness of his mother, Mrs. W. X. Smith, left for his home Friday evening. Mr. Smith is in charge of the Y. M. C. A. work at New Bedford, Mass.

Employed at Millinery.

Miss Lydia Hunt, a daughter of Mrs. Martin Hunt, living north of Maryville, is no wemployed by Mrs. Cora Trullinger, the West Third street milliner.

Mrs. Sarah Crosby went to Savannah Saturday evening for a short visit with her son, John Crosby, and his family.

RECEIVED ORDERS

TO RECRUIT COMPANY F TO SIXTY MEN.

REAL PURPOSE NOT KNOWN

And Officers Not Discussing Sudden Move—Thirty Additional Men Needed.

Captain E. S. Cook of Company F received the following telegram Sunday evening from Colonel Stringfellow commanding the Fourth regiment, N. G. M., of St. Joseph:

'Adjutant general orders recruit company to sixty men rapidly as possible. Select men carefully."

There are now thirty-five enlisted men in Company F. It will not be hard to get the additional twenty-five or thirty men, Captain Cook believes. Captain Cook, in speaking of it Monday morning to a reporter of this paper, said:

"It will be an easy task to get that many men to enlist in Maryville. If they thought that they would get to go to Mexico, or in case war is declared, I believe that about 1,000 men could be had in a short time. What is the object of the order I don't know, but it looks as if that something will be doing shortly. I expect to get orders in a few days to report for duty."

Men between the ages of 18 and 45 years, of good moral character and good physique are eligible to enlistment, and if called out will receive good pay for their services. Not since the Spanish-American war has the National Guard service held out such allurement as now.

The Maryville company will be inspected Thursday by Captain Noyes of Fort Omaha Neb. Captain Heavy of Fort D. A. Russell, Wyo., was to have been here, but he has gone on to the frontier and has been relieved of inspection duty.

The recruiting station will be open every night after 7 o'clock at the armory, over the Tribune office. All that wish to enlist may do so at that time.

ON CHARGE OF STEALING A CASE OF BEER

Ed Pliss and Tom McMullin were arrested Monday afternoon on a charge of stealing a case of beer. They will be arraigned in circuit court Thursday. Pliss and McMullin were in the Oak saloon Saturday night and concluded they would take a case of beer, the cases being located in the front part of the saloon. They got away with it.

Returned to Chicago.

Miss Lottie Perrin left Monday noon for Chicago to resume her musical studies with Glenn Dillard Gunn. Miss Perrin will finish her present course of study in six weeks. She was called to Maryville last Friday by the death of her grandmother, Mrs. Harriett Oman, who died at the home of her daughter, Mrs. Alice R. Perrin.

Moved to Farm.

Floyd West and family have moved to the farm of J. W. Wallace, near Orrsburg. Mr. Wallace and his family live on South Market street. Mr. West's brother, Charles West, has moved to the Gohn place, near Pickering.

Visited in the Country.

H. P. Childress spent Sunday at the home of his son, Cabell Childress, and family living east of Maryville. He was accompanied home by Mrs. Childress, who had been the guest of her son and his family since Friday.

Left for Oklahoma.

Mrs. J. F. Bell and children, Dallas, Ella and Florence, left Saturday evening for their new home, near Afton, Okla. They were accompanied by Mr. Bell's sister, Miss Laura Bell, of Blackburn, Okla., who had been visiting here several weeks, and will remain at her brother's home, near Afton, for a time before going to her home at Blackburn. Mr. Bell went to Oklahoma in February with household goods and farm implements and stock.

L. Miller, who is spending the winter in St. Petersburg, Fla., in writing to Logan Holt of this city, says: "I a mwell and nevtr felt better in many years. All of the rest of the Maryville people are in good health."

CHANGE IN TRIBUNE

CURTIS WRAY TO RETIRE FROM MANAGEMENT.

SUCCESSOR IS J. F. HULL

Mr. Wray Has Tentative Plans for the Future, But Will Still Make His Home Here.

The announcement of a change in the Maryville Tribune was made in Saturday's issue of that paper and says that Curtis Wray has retired from the active management of the paper and had turned over active control to J. F. Hull, who has purchased stock in the company. Such announcement was received with great surprise by the people in Maryville as it was not known that Mr. Wray was contemplating getting out of business.

Mr. Wray is speaking of the change Monday, said:

"I still own stock in the Tribune company and intend to make Maryville my home. As stated in the announcement in the Tribune Saturday, my purpose in retiring is to take a needed recreation after twenty years of steady grind and to carry out plans for some special work which I have had in mind for some years. My plans for the future is tentative as yet but I intend to travel extensively both at home and abroad. I will be in Maryville probably for the next month or so and will be around the Tribune office.

"In turning over the management of the paper to Mr. Hull, I do so feeling that a man of wide experience, ability and integrity will be in charge of the paper and that it will not only maintain, but increase its usefulness in the community."

Mr. Wray has been connected with the Tribune since it started some eighteen years ago. After a few years in partnership with E. E. E. McJimsey, who is now editor of the Springfield Republican, Mr. Wray bought out his interest and for several years has had active charge of the paper.

It is to be regretted that Mr. Wray is to leave the Tribune. He has always made the Tribune a live-awake and progressive newspaper and a paper that has done much good for his party. We wish him success in whatever new line of business he undertakes.

Fred Hull, who will now have active charge of the paper, has had several years experience in newspaper work, and is well fitted and able to assume control. Mr. Hull has been managing editor of the Tribune for the past eighteen months, coming to Maryville from Gallatin. He has been connected with the Grant City Star and was editor of the Maysville Republican-Pilot and also the Gallatin North Missourian several years.

Since Mr. Hull has been in the city, he has made many friends who wish him success in his new undertaking.

Mr. Hull, in talking of the change, said:

"No changes will be made in the policy of the paper. I intend to make the paper stand for what I believe is good for the community and for what is right and best. In politics it will still be Republican."

TELEPHONE MEETING HELD SATURDAY

A meeting of the Farmers Mutual Telephone company was held in the court house Saturday afternoon to elect officers for the coming year. All of the old officers were re-elected, as follows:

W. A. White, president; John R. Evans, secretary; Albert S. Watson, treasurer; W. L. Schoonover, manager.

The board of managers for the company is composed of W. A. White, John Evans, W. W. Jones and Albert S. Watson.

A proposition for a toll line from Graham to Maryville was discussed. It was decided to build the line at a future date, probably this summer.

Visited Normal Student.

Miss Maggie Hendley of Ford City spent Friday and Saturday in Maryville, the guest of her sister, Miss Agnes Hendley, a State Normal student.

Mrs. W. A. Blagg and son, Edison Blagg, went to St. Joseph Saturday to attend the "Ben Hur" show and to visit over Sunday with relatives.

SHARP SUES CORDELL FOR $40,000 DAMAGES

Two suits for $20,000 each were filed in the circuit clerk's office Saturday afternoon by B. R. Martin of St. Joseph and John W. Stokes of Craig, for Bert A. Sharp against John G. Cordell, a wealthy farmer living near Quitman.

The first suit is for $10,000 actual and $10,000 punitive damages, and has to do with the injuries which the plaintiff claims he received on or about the 1st of February, this year, while coming to Maryville in company with Miss Gladys Cordell, daughter of the defendant, and with whom he was bound in a legal engagement of marriage. A second count in the petition asked for $150 damages to a team of horses, and that they were entirely ruined by reason of the runaway.

The second suit has to do with the damage done the plaintiff by the defendant in abducting Gladys Cordell at the time she was accompanying the plaintiff to Maryville for the purpose of getting married. The petition states that the defendant has since that time caused the said Gladys Cordell to be confined in some place where the plaintiff has been unable to see or communicate with her.

As a result of the willful and malicious interference on the part of the defendant the future hopes and prospects in life are for the plaintiff blasted and ruined, and he has been caused to suffer great mental anguish. He asks for $10,000 actual and $10,000 exemplary damages.

Campbell Thompson of White Cloud was in the city Monday.

Mrs. G. A. Pickens and Miss Mabel Gay, went to St. Joseph Saturday evening to witness the production of "Ben Hur," and were guests over Sunday of Mr. and Mrs. J. H. Pickens.

Mr. and Mrs. Ned Phillips and little daughter, Marguerite, of St. Joseph visited in Maryville from Friday over Sunday with Mrs. Phillips' mother, Mrs. A. Hardisty of South Dewey street. Mrs. George Craig of Wiley, Col., the daughter of Mr. Hardisty, is also a guest at the Hardisty home.

Mrs. Rhoda Waffle of Clearfield, Ia., arrived in Maryville Saturday evening for a visit with her sister, Mrs. W. V. Norris.

Mr. and Mrs. Will Masters of Bedford, Ia., spent Sunday in Maryville with his parents, Mr. and Mrs. Wood Masters of, East Third street.

Mr. and Mrs. W. B. Fannon of Arkoe were in Maryville shopping Saturday.

Mrs. Eugene G. Husband of Parnell spent Sunday in Maryville with her parents, Mr. and Mrs. J. C. Archer of South Walnut street.

Miss Frances Lindsay and Miss Anderson of Hopkins were in Maryville Saturday evening between trains shopping and calling on friends.

Mrs. Lon Wildman of Blockton, Ia., was in Maryville Monday on her way to Bedford to visit her parents, Mr. and Mrs. Charles Greenlee.

Farsighted.

"Say!" shouted the general passenger agent of the P., D. & Q. railroad, "haven't we announced an excursion rate from Vermillion county?"

"Yes, sir," replied the assistant.

"Well, cancel it immediately, or we'll lose a lot of money."

"Why, don't you think it will be a success?"

"Sure, but what's the use of offering a reduced rate when we'll get all the business we can carry at full rates," shouted the G. P. A.

"How do you make that out, sir?" queried the assistant.

"Because," chortled the G. P. A. with glee, "a grand jury has been called to investigate campaigns and elections, and that means we'll carry practically every voter in the county far enough away to escape subpoenas without making any reduced rate."

Which little incident is mentioned merely to show how closely the G. P. A's keep tab.—The Commoner.

Perhaps.

"Why is it that duck eggs are not as popular as hen eggs?"

"I don't know, unless it is that the hen advertises her product more strenuously."—The Commoner.

DEDICATED CHURCH

SERVICES HELD SUNDAY AT BURLINGTON JUNCTION.

STARTS OUT FREE OF DEBT

The New Christian Church of That Place Dedicated—A Red Letter Day.

The new Christian church building at Burlington Junction was dedicated Sunday free of debt, at a cost of $6,440. It was thought previous to the meeting on Sunday morning that the sum of $5,000 would be all that it would be necessary to raise on the day of dedication. But at a meeting held Sunday morning by the official board it was found that $6,320 was the sum necessary to dedicate the church free of debt. At the close of the dedication services it was found that $120 more than the necessary amount had been raised.

The members of the Christian church at Burlington Junction are entitled to the words of praise they are receiving at the happy ending of a day that has been anticipated by them for many weeks.

All of the churches of the town dismissed their regular services for the day and joined with their sister church in their dedication services, all of the pastors taking part in the ceremonies, which shows a most cordial spirit among the denominations at that place.

The sermon was preached by Rev. Charles G. Stout of Raonia, Col., who has been conducting a revival there the past week, and will continue the meeting indefinitely. The music for the occasion was under the direction of H. J. Becker, director of the Maryville Christian church choir. The chorus singing was led by Jesse Walker, one of the best cornet players in the state. The solo entitled "The Sinner and the Song," by Mr. Becker, assisted by an invisible choir, was sung with fine effect. In the evening a male quartet, composed of Byron Rhoades, Superintendent Godby of the schools of that town, R. N. Barber and Robert Corken, gave some very fine music.

In the afternoon a congratulatory service was held, when letters from former pastors and lay workers were read and excellent speeches made by lay workers in the church, and a most happy time was the result.

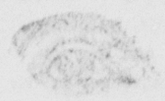
In the evening, at the close of the dedicatory prayer, Raymond Snider, son of the pastor, and his wife, Rev. and Mrs. D. F. Snider, and Miss Hazel Nicholas were baptized. It was a very impressive service.

Rev. Snider came to Burlington Junction from Milwaukee, Wis., upon the recommendation of Dr. L. O. Bricker of the First Christian church of this city. His pastorate has been eminently successful and the outlook is very encouraging to the pastor and people.

At the close of the morning services the Ladies' Aid society of the church, which the pastor considers the best in the United States, served a bountiful dinner to the members.

The Weather

Fair and warmer tonight and Tuesday.



When your eyes Demand Relief

When they object to be further imposed upon—you will very likely be COMPELLED to seek the aid of an optician.

It is much better to obey the FIRST signs of eye trouble.

Much annoyance is then saved and relief is easier to secure.

However we are able to afford relief in cases of all degrees of advancement.

A Superb Display
of All the New Silks

Silk, queen of the dress fabrics, is more prominent than ever! There are beautiful fabrics of other fibers, but Silk has a place all her own. And this Silk showing of ours is by far the most complete we have ever had at this time of the season. New arrivals are being received daily in effective color combinations and in an almost endless variety of designs—each seemingly more beautiful and charming than the other.

As we do not duplicate patterns an early choice may, therefore, assure you of greater satisfaction than a later one.

Lovely Satin Finished Silks
27 Inches Wide, $1.00 yard.

These Satin Finished Silks and the heavy Taffetas and Foulards have just been received. The showing is very complete and very fascinating. Nearly every desired color combination is here. Of particular interest are the charming combinations of black and white. One pattern of unusual beauty, has narrow black and white stripes with a Persian stripe every inch. In some instances the white is brought out stronger than the black and again the black is the more prominent.

The other colors and combinations have not been neglected and you will find patterns in stripes and figures in the shades of—

Navy Blue to Light Blue. Coffee Brown.
Heliotrope. Reseda Green.
Burgundy and Red. New Purple.

PLAIN SILKS. Messaline Silks in all the leading colors; 27 inches wide; price $1.00 a yard. 18 inches wide, in all colors for 59c a yard.

TAFFETA SILKS. A very extensive showing. Combinations of black and white, blue and white and brown and white, in checks and stripes. Price 50c a yard.

MESSALINE SILKS. Cheney Brothers Messaline Silks, in a wide range of colors and shades; 24 inches wide; price, 85c a yard.

The Nationally Advertised "RUFFWEVE SILKS" on Sale Here for 75c a yd.

For weeks these RUFFWEVE SILKS have been advertised and sold over the country. Today the demand is greater than ever before, thus strongly indicating that they are to have the big call of the Shantung Fabrics.

RUFFWEVE SILKS are all silk. They are guaranteed against pulling and slipping at the seams. They are as perfect as skill and care can make them. Nothing is more desirable for Spring and Summer costumes, and at the price they are excellent values.

The best colors are pongee, light blue and lavendar. 26 inches wide; price 75c a yard.

CLOTH OF GOLD. A fabric that is very suitable for making Jackets and Coats. Every thread pure silk. Comes in natural color only. 24 inches wide; $1.00 a yard.

Silk Chiffon—Fashion's Newest Favorite.

When you examine these new Silk Chiffons you will readily see why they are so much in demand. The ground is white with black, light blue or navy blue dots, as the case may be, and with a solid border with a dainty floral design in the center, of the same color as the dots. 26 inches wide; the yard 50c.

TAFT PRAISES MERIT SYSTEM

Report of Civil Service Commission Transmitted to Congress.

WOULD EXTEND NEW SYSTEM.

Legislation for Number of Improvements Requested by President. Number of Competitive Classified Positions Shows Increase of 5,400.

Washington, March 13.—President Taft, in a special message, has transmitted to congress the twenty-seventh annual report of the civil service commission. The report states that the increasing effectiveness of the merit system has strengthened the public conviction that it is indispensable to economy and efficiency in governmental affairs. It is shown that the examination system tends to lessen the number of employes required under similar conditions by raising the standard of efficiency and at the same time facilitates the extension of governmental activities to new fields by furnishing the best practicable means of testing qualifications for scientific, technical and professional work.

A better spirit of co-operation on the part of admistrative officers and the public is noted, thus rendering civil service administration more effective. Economies have been effected in the use of registers, fewer persons being examined, although more were appointed than in the previous year.

The report shows 384,088 persons in the executive civil service, 222,278 of whom are in the competitive classified service. The number of competitive classified positions, which does not include mechanics and laborers at navy yards, is shown to have increased by 5,488. On the other hand, an opinion of the attorney general, rendered during the year, that mechanics and laborers at navy yards are not classified, though they have been so regarded, gives an apparent decrease by taking them from the figures of the year.

The commission joins with the president and the postmaster general in recommending legislation to permit the classification of first, second and third class postmasters and supports earnestly the president's recommendation to congress that he be given power to classify local officers whose appointments are now subject to confirmation by the senate, favoring the classification of all escept those responsible for the policy of the administration.

RECIPROCITY AND TARIFF

Congressman Underwood of Alabama Tells of Legislation to Be Pushed.

Washington March 13.—Representative Oscar W. Underwood of Alabama, who is to head the new ways and means committee, made it clear that any notion which may be entertained by the president or his friends that the Democratic leaders of the house will not take up the tariff at the coming extra session of congress is wrong.

"You may say as positively as you choose," said Mr. Underwood, "that in addition to the reciprocity bill, some tariff legislation will be undertaken at the special session.

"Moreover, the president has been repeatedly assured of this by both Mr Clark and myself, and I do not believe he can have misunderstood us."

The ways and means committee Democrats have not decided whether they will undertake general revision, but partial revision is certain—veto or no veto.

LOEB ON TRAIL OF MILLINERS

Uncle Sam Missing His Share on Spring Styles From Paris.

New York, March 13.—Collector of the Port William Loeb, Jr., has determined to have a closer watch kept on the influx of dressmakers and milliners with spring styles from Paris. In accordance with the order 100 trunks, the property of forty tradeswomen who have just arrived from abroad, are under guard at the appraiser's stores, where a more thorough overhauling will be made than was possible when the inspectors went through the trunks on the piers.

Customs officials say that the valuation, totaling about $100,000 which the owners placed on the trunks, will be shown to be far short of the real values. Two fashionable dressmakers, Miss Ella Croker and E. T. White, have already been penalized for alleged undervaluation.

FIRST RURAL POSTMAN QUITS

Charles Everett Has Driven Same Horse Over Route for 15 Years.

Kansas City, March 13.—Charles L. Everett, the first rural mail carrier in the United States, has resigned after fifteen years in constant service. He drove the same horse over the route out of Bonner Springs, Kan., the entire fifteen years.

Incidentally, five years after he started to carry the mail he married Miss Carrie Weldgrube, whom he met on his route the first day.

When the postoffice department decided to experiment with rural free delivery the first route was started out of Bonner Springs, Kan., a few miles west of Kansas City, and Everett, who was then employed on the Union Pacific railroad, was appointed carrier. The first day he carried four letters. When he quit he was averaging about 1,500 a month.

Woman Ends Life in River.

St. Louis, March 13.—Police here have sought all day without success to establish the identity of a young woman who ended her life by leaping from the Eads bridge into the Mississippi river. A negro who reported having witnessed the suicide described the woman as apparently nineteen years of age and well dressed.

EARTH SLIDE BURIES THIRTY MINERS

Thousands of Tons of Material Sweep Down Upon Men.

Duluth, Minn., March 13.—Thirty men were caught in a great slide of earth at the Norman mine near Virginia. The pit is 125 feet deep and was more than half filled by the avalanche, which came without warning and extended 100 feet beyond where the victims were entombed. There are only four survivors, all injured, three of them probably fatally hurt.

Four bodies were recovered by rescuing parties. The others still remain beneath the debris. The dead are mostly Finlanders and Austrians, several of them leaving large families. The news of the disaster caused a rush of sobbing women and children to the pit.

The miners, who were taking up one of the two tracks in the pit in order to permit the steam shovel to work in another section of the mine, were for the most part bent over, using bars and claws, when the avalanche came.

The scene was a strange one. The catastrophe was quite unlike anything in the history of iron mining on the range. Behind and before the pit were thousands of tons of ore, rock, snow and ice, which the rapid warming of the atmosphere released upon the toiling miners.

SCIENCE TO OVERCOME DEATH

Opinion Expressed by Dr. Flexner, Head of Rockefeller Institute.

New York, March 13.—Dr. Simon Flexner, head of the Rockefeller Institute of Surgery, the man who conquered meningitis, believes that finally medical science will overcome death and man can live to an indefinite period. When surgeons first tried to open the chest cavity to reach the heart and lungs, the lungs collapsed like a pair of bellows punctured.

A German surgeon constructed an air chamber over the heart, with room for the operating surgeon and his assistants. In the "Sauerbruch" chamber, so named after the inventor, many operations on the chest cavity were performed. Recent experiments at the Rockefeller institute, however, indicate that the chamber can be done away with and the lungs kept going by a tube placed in the windpipe, through which a current of ether and air is forced into the lungs. Thus far these tests have been confined to animals, but their successful application to man is promised.

"Could this process be used to restore life?" Dr. Flexner was asked.

Oh, yes, it does now," he replied.

192,672 IDLE FREIGHT CARS

Increase in Available Equipment Compared With Year Ago 100,000.

Chicago, March 13.—The total idle freight cars on March 1 were 192,673, according to a statement by the American Railway association. The statement says that since Jan. 1 the increase in surplus cars has been unchecked.

The idle cars are in the middle and eastern states and consist of gondolas and coal cars. The increase in available equipment amounts practically to 100,000 cars, compared with a year ago.

More Railways for Sweden.

Stockholm, March 13.—Sweden has decided that additional railroad facilities are necessary for the development of the country. The government therefore has decided upon the preparation of plans for the construction of lines of railway such as will give an inland line running north and south in Sweden, from Gollvara in the north of Kristinehhamm on Lake Kener.

"Knocked Daylights Out of Rheumatism"

New Rheumatism Remedy Is Antidote For Uric Acid.

"By thunder, I got a whole case—a dozen bottles of the 'Fuss' Rheumatism Cure, determined to get cured of my 3-year case of bull-dog

inflammatory rheumatism. I didn't need the dozen, you bet you,—three bottles knocked the daylights right out of it and cured me completely. The other nine bottles I gave to rheumatic friends, and they are hopping around pretty lively now, same as I am. 'Fuss' is a wonder."

This is but one of hundreds of similar reports on this amazing remedy, the only known antidote to uric acid. Furthermore, it is as safe as food, containing no chloral, opium, morphine, cocaine, alcohol, ether, chloroform or other stimulant or narcotic; not a drop.

"Fuss" gives immediate relief, and destroys uric acid in the blood which causes rheumatism, gout, lumbago and kidney trouble.

Don't hesitate but get "Fuss" and stop the agony right off and get cured.

"Fuss" Rheumatism Cure sold at $1.00 a bottle by all leading druggists or will be sent prepaid on receipt of $1.00, or 6 bottles for $5.00, by the Fuss Remedy Co., Flint, Mich.

HAIR INSURANCE

INSURANCE AGAINST PREMATURELY GRAY HAIR.

In these up-to-date days, it is possible to purchase insurance on anything. Insurance is, practically, taking a chance, with the chances figured largely in favor of those issuing the insurance—not those who buy it. Hair insurance is different, in that the one buying the insurance obtains full value at the outset, with correspondingly increased values for the greater amount bought; while the sellers of this insurance are likely to lose unless the purchasers obtain full value at once.

This applies to Wyeth's Sage and Sulphur Hair Remedy, for if it does not do exactly what is claimed for it, the sales would naturally drop off; whereas if it gives satisfaction the increased sales give it the only chance to be successful. However, Wyeth's Sage and Sulphur Hair Remedy does "make good," as evidenced by its daily increasing sales. Druggists say that this preparation gives the best satisfaction of any hair remedy ever sold. Wyeth's Sage and Sulphur is clean and wholesome and perfectly harmless. It removes dandruff, strengthens the hair, gives new life to dull or parched hair, and gradually restores gray hair to natural color.

This preparation is offered to the public at fifty cents a bottle and is recommended and sold by

Koch Pharmacy.

NEEDFUL KNOWLEDGE.

Maryville People Should Learn to Detect the Approach of Kidney Disease.

The symptoms of kidney trouble are so unmistakable that they leave no ground for doubt. Sick kidneys excrete a thick, cloudy, offensive urine, full of sediment irregular of passage or attended by a sensation of scalding. The back aches constantly, headaches and dizzy spells may occur and the victim is often weighed down by a feeling of languor and fatigue. Neglect these warnings and there is danger of dropsy and other serious troubles. Any one of these symptoms is warning enough to begin treating the kidneys at once. Delay often proves fatal.

You can use no better remedy than Doan's Kidney Pills. Here's Maryville proof:

G. W. Hempstead, East First street, Maryville, Mo., says: "When suffering from an extreme sensitiveness in the small of my back, I was advised by a friend to give Doan's Kidney Pills a trial. I procured a box at Charles A. Love's drug store and they lived up to representations. I have never had any trouble from my back or kidneys since."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

Stop That Cold

To check early colds or Grippe with "Preventics" means sure defeat for Pneumonia. To stop a cold with Preventics is safer than to let it run and be obliged to cure it afterwards. To be sure, Preventics will cure even a deeply seated cold, but taken early—at the sneeze stage—they break, or head off these early colds. That's surely better. That's why they are called Preventics.

Preventics are little Candy Cold Cures. No Quinine, no physic, nothing sickening. Nice for the children—and thoroughly safe too. If you feel chilly, if you sneeze, if you ache all over, think of Preventics. Promptness may also save half your usual sickness. And don't forget your child, if there is feverishness, night or day. Herein probably lies Preventics' greatest efficiency. Sold in 5c boxes for the pocket, also in 25c boxes of 48 Preventics. Insist on your druggists giving you

Cost But a Trifle to Cure Catarrh.

How many readers of The Democrat-Forum know that in Inland Australia, where the mightiest of eucalyptus trees grow in abundance, that there is no consumption, catarrh or diseases of the respiratory tract.

The refreshing balsam thrown out by these trees fills the air and is breathed into the lungs by the inhabitants and all germ life is destroyed.

If you have catarrh you cannot go to Inland Australia except at great expense, but you can breathe right in your own home the same pleasant, soothing, healing, germ killing air as you would breathe if you were living in the eucalyptus district of Australia.

Just breathe Hyomei; it is made from Australian eucalyptus and scientifically combined with thymol and other antiseptics employed in the listerian system.

Pour a few drops of Hyomei in the inhaler and breathe it, and as it passes over the catarrh infected membrane it kills the germs and heals the raw, inflamed surface.

Hyomei is guaranteed to cure catarrh, coughs, colds, croup and sore throat or money back. Complete outfit, including inhaler, $1.00. Extra bottles of Hyomei cost but 50 cents. Sold by druggists everywhere and by the Orear-Henry Drug Co.

FREE LECTURES OF INTEREST TO FARMERS

EXPERTS FROM COLLEGE OF AGRICULTURE TO TALK ON FARMING, IN THE COURT HOUSE 7:30 P. M. THURSDAY, MARCH 23rd

Josephine, the World's Champion Cow, to be Exhibited Free on Special Wabash Train

EVERYBODY SHOULD ATTEND

An event of unusual interest, not only to the farmers of our county but to the people generally, are the coming lectures by the experts of the College of Agriculture, University of Missouri, and of the State Board of Agriculture.

The Democrat-Forum is informed that the Wabash special train, carrying the experts and their exhibits, will arrive at Maryville at 7:00 P. M. Thursday, March 23. The lectures will be delivered in the Court House, and everybody is cordially invited to attend.

The lectures will include such interesting subjects as "Better Farm Methods," "Modern Dairying," "Spraying," "Horticultural Work," "Soil Improvement," "Better Live Stock," etc.—every subject of great interest.

An especially attractive feature of the exhibits carried on the special train will be "Missouri Chief Josephine," the world's champion cow, which, as some of us know, was born and raised on the Missouri Agricultural Farm. She offers wonderful evidence of the real dollars and cents value of farm methods as practiced at the College of Agriculture, and about which we are to hear at the lectures. There will also be shown some other thoroughbred stock owned by the College of Agriculture. This is some of the best stock ever produced in Missouri, or any other state, and will undoubtedly be interesting to see.

The Democrat-Forum sincerely believes that these lectures will be of great interest and real practical help to everyone who hears them.

Wall Paper Just In

We have just added a nice line of the late designs in wall paper ranging in price from 4½ cents to 14 cents per roll. The stock will be kept complete in these grades and customers are invited to inspect them, knowing they can save money by doing so. Higher priced papers will be ordered on request. Estimates on your rooms will be cheerfully furnished and rolls not used can be returned and your money refunded. No extra charge for trimming paper. We are also prepared to furnish plate rail and moulding of all kinds.

REIGN OF TERROR IN NORTH MEXICO

Women and Children in Besieged Towns Cut Off From Food.

FIFTEEN AMERICANS KILLED.

War of Extermination Expected to Ensue in Zone of Hostilities—General Blanco's Force Engages Federals at Auga Prieta.

El Paso, Tex., March 13.—Conditions bordering on panic reign almost throughout northern Mexico. Stirred by the belief that the revolutionary movement has reached a critical stage, the insurrectos in the states of Chihuahua and Sonora are reported to have renewed activity in tearing up railroad and telegraph wires. Numerous towns, according to reports, are under siege by the insurrectos and thousands of women and children cut off from food supplies are rendered helpless.

Following receipt of corrected details concerning the battle of Casas Grandes, a town of 500 population, where eighty men were killed, news reached here of a fight at Auga Prieta, on the border across from Douglas, Ariz. Five hundred insurrectos under General Blanco attacked 500 federal troops, but were repulsed with a total of thirty-five dead and wounded on both sides. The fighting was short, and the insurrectos, armed only with rifles, soon scattered under fire of a machine gun.

What is believed to be a reliable report of the casualties at Casas Grandes says that fifteen Americans were killed and seventeen Americans were taken prisoners.

No Quarter in War Zone.

The news from Mexico City that President Diaz has decided to take advantage of provisions of the constitution so that summary death may be imposed by the military authorities for any acts of violence and that the Mexican government has decided to wage a sharp and decisive war of extermination supposedly to end hostilities, has spread throughout the insurgent ranks. The reply, through insurrecto sympathizers here, is that in retaliation the revolutionary forces here after will expect and give no quarter.

The arrival of United States troops here occasioned much interest. The arrivals were two troops of the Forty-eighth cavalry from Fort Meade, S. D. With the troops already here they comprise a force of 900 men.

U. S. SMALL ARMS DEADLY

Army Rifle Shoots Five Miles Without Sound or Smoke.

Springfield, Mass., March 13.—The mobilization of United States troops on the Mexican boundary may mean the placing of the Springfield armory temporarily at least, on a war time basis. Should orders of such import be received from Washington, the armory, which now ranks as the finest small arms plant in the world, would be able to give a good account of itself from the outset. In the event of actual hostilities, the foes of Uncle Sam would be likely to receive a series of unwelcome surprises in the actual demonstration of the deadly weapons the Springfield armory produces. The improved United States army rifle has an effective range of five miles. At a distance of a mile a bullet from this weapon, after passing through the bodies of half a dozen soldiers standing in a row, would still have sufficient penetrability to bury itself beyond recovery in the trunk of an ordinary tree.

Only smokeless powder is used in this rifle and if Maxim's "silencer" is attached an enemy half a mile distant would be absolutely at sea as to the course of a withering fire.

Pupils to Plant 100,000 Trees.

Kansas City, March 13.—More than 100,000 trees will be planted in Kansas City April 7, Arbor day. Every school pupil in the public and private schools will be expected to plant several trees, and for that purpose 100,000 catalpa trees will be distributed at the different schools. These trees are a gift. It is expected that other varieties also will be given.

W. J. Bryan Guest of Wilson.

Princeton, N. J., March 13.—William J. Bryan was the guest of Governor Woodrow Wilson at a dinner at the Princeton Inn. Both Colonel Bryan and Governor Wilson said, after the dinner, that they had not discussed politics. The Nebraskan declined to express any opinion about Governor Wilson as a presidential possibility.

Plans for Big Bond Issue.

Jefferson City, Mo., March 13.—The house passed a constitutional amendment submitting at the next general election a $5,000,000 bond issue for a new capitol. The amendment is to be voted on in case the $500,000 issue is not carried in the special election. The amendment must be acted on by the senate.

More Cholera at Honolulu.

Honolulu, March 13.—Another case of cholera developed among the persons segregated after contact with previous victims. This makes twenty-six cases, of which twenty-one have proved fatal.

Phone—Mutual 24-15.

Fairland Farm Single Comb Brown Leghorn eggs for sale at very reasonable prices. This breed is generally considered the best paying fowl for farm range. Stock of pure breeding, active, energetic and in healthy condition.

MRS. J. R. EVANS,
Phone, Mutual 15-13. R. D. No. 7.

WHITE WYANDOTTES.

My birds have the ideal type and breeding quality back of them. Can spare a limited number of eggs early in season from my prize winning stock at reduced price.

DR. E. L. CROWSON,
Pickering, Mo.

Laying strain Single Comb Brown Leghorns, big, modern kind. I sell no eggs from hens under standard weight. Fresh eggs guaranteed. Prices, 50c per setting, or $2.50 per 100. Yours for honest treatment.

MRS. C. H. RICE,
Mutual phone 40-26.

Now is the time to get busy with your hens. Why not start right to raise the most chickens from the least hens? Buy a good incubator. I have used a number of good standard incubators and find that the Des Moines Success Incubator hatches the largest per cent of good strong chicks. For incubators, brooders and poultry supplies, call Farmers phone 35-16, or write Mrs. Henry N. Moore, route 6.

Rose Comb Frost Proof Rhode Island Reds. Get the good kind, their combs don't freeze. You can't work with a sore head—neither can a chicken. The kind that lay all winter. Eggs $1 a setting at residence.

J. H. ALEY, 310 South Main.
Bell phone 231.

WHITE PLYMOUTH ROCKS.
